Formed club partnership with Coerver Coaching NY

The Coerver Partner Club Program provides specialist support for clubs from Grassroots to Professional level. Four key components are: Technical Coaching, Coach Education, Session Planning, and Home Assignment, all aimed at giving your club "The Skillful Edge."

Another great benefit of the Partner Club program is that we become your Technical Experts without the cost of hiring full time coaches. Our partnership will allow your club coaches the added value of developing a mentor relationship and an evolving education of the World's #1 Soccer Skills Teaching Method.

New York Coerver Soccer Academy will provide a 60-minute training session each week for 10 weeks for all New Paltz Travel Soccer Club teams.
